VERIFIED STATEMENT IN SUPPORT OF A PETITION UNDER 37 CFR 1.47(A)

Melissa Leck states and declares as follows:

1. I am the paralegal for the Intellectual Property Department of Amersham Biosciences Corp, reporting to Royal N. Ronning, Jr. As part of my duties, I am responsible for the formalities processing of all United States patent applications. I have been employed in this capacity since January of 2000.
2. My responsibilities include contacting inventors for execution of declarations in response to the issuance of a Notice to File Missing Parts. In this capacity, and with regard to the captioned application, I made an attempt to contact the unsigned inventor, Jurek Cybuch.

3. On May 24, 2004, a "Notice to File Missing Parts of Nonprovisional Application filed Under 37 C.F.R. 1.53(b)" was mailed in connection with the captioned application for lack of a signed oath or declaration. A copy is attached hereto as Exhibit 1.
4. In order to confirm the mailing addresses of the nine (9) inventors, I phoned Ms. Susan Wildman, Patent Formalities Officer, of our Amersham plc office in Amersham, Great Britain. Since the Patent Officer responsible for the family of which the captioned application is a part is based in Amersham, Ms. Wildman was responsible for providing as many of the formalities details as possible. She was able to confirm all but the address for inventor, Jurek Cybuch, and subsequently, she requested the assistance of the Human Resources Department of Amersham Biosciences Niagara, Inc., the former employer of inventor Cybuch, to obtain a current mailing address.
5. On August 9, 2004, I received an email from Ms. Wildman forwarded from the Human Resources Department at Amersham Biosciences Niagara, Inc., wherein the last known address of inventor Jurek Cybuch is provided. A copy of that email is attached hereto as Exhibit 2.
6. On August 25, 2004, I forwarded a combined Declaration and Power of Attorney having six (6) total pages, attached hereto as Exhibit 3, to the last known address of inventor Cybuch via First Class United States postal service and via Federal

Express. An identical package was also sent via interoffice mail to Ms. Brenda Hobbs, the former Administrative Assistant for the Legal Department of Amersham Biosciences Niagara, Inc., with the request that she arrange for the bailiff service of Ontario, Canada to serve the package on inventor Cybuch. A copy of the covering letter to inventor Cybuch dated August 25, 2004, is attached hereto as Exhibit 4 showing that enclosed with the combined Declaration and Power of Attorney was an Assignment form and a complete copy of the application as filed with the United States Patent and Trademark Office on April 2, 2004.

7. The envelope mailed via First Class United States postal service on August 25, 2004, was not returned. The Federal Express envelope mailed August 25, 2004, was returned with the indication "RECIPIENT MOVED" followed by "no phone listing." A copy of the returned Federal Express envelope is attached hereto as Exhibit 5. On September 10, 2004, an attempted service of the envelope at inventor Cybuch's last known address was made by Bailiff Jim Marlow of the City of Niagara Falls in the Regional Municipality of Niagara, Ontario, Canada. A copy of Bailiff Marlow's Affidavit of Attempted Service is attached hereto as Exhibit 6. The affidavit states that Bailiff Marlow was advised by the current owner of the property listed as inventor Cybuch's last known address that subsequent to inventor Cybuch's passing away, the owner, Ms. Kateryna Turczyn, sold the house and moved back to Europe. The purchase was final on July 31, 2004.

8. As I was responsible for preparing the copies to be enclosed with the August 25, 2004, transmittals to inventor Jurek Cybuch, I can attest that a copy of the entire application, including the specification, claims, abstract, and figures, was included in each envelope.
9. To date, no further investigation has been attempted into the whereabouts of an heir to the deceased inventor, Jurek Cybuch.

I declare, under penalty of perjury, that the above foregoing statements of fact are true and correct or, if made on the basis of my opinion, are believed to be true and correct.
